NVIDIA.

<p>FAQs</p>	<p>Q: What are similar or alternative SKUs that are available for DGX-1, DGX-2 and DGX-2H? A: We strongly encourage that quotes for all DGX-1, DGX-2 and DGX-2H be converted to quotes for NVIDIA DGX A100 system and equivalent Enterprise Support terms.</p> <p>Q: Why are we doing this? A: With the introduction of NVIDIA DGX A100 system, customers have access to NVIDIA's latest technology with higher performance.</p> <p>Q: When will this be reflected on the price lists? A: All above SKUs will be removed from the July 20th, 2020 price list publication with effective date of July 23rd. Additionally, all DGX pricing tools will be updated to reflect these changes.</p> <p>Q. When is the Last customer order date for the NVIDIA DGX-1 and/or DGX-2? A: Contact your local Partner Business Manager for current inventory and ordering processes.</p> <p>Q. Can customers upgrade the NVIDIA DGX-1, DGX-2, or DGX-2H to DGX A100? A: No, we are not offering upgrade for the below: - DGX-1 to DGX A100 - DGX-2 to DGX A100 - DGX-2H to DGX A100</p> <p>Q. Will the DGX-1 and DGX-2/DGX-2H Spares components, such as drives, power supply units, fiber network adapter, etc. still be available after the End-of-Sale date, July 23rd, 2020? A: Yes, spares for the DGX-1 and DGX-2/DGX-2H systems (these cover all CRU/Customer Replaceable Unit components) will continue to be available for sale.</p> <p>Q. If my customer has an existing Enterprise Support contract on their current DGX-1 or DGX-2/DGX-2H systems, will they still get Enterprise Support after the End-of-Sale date? A: All active Enterprise Support Service contracts will continue to be honored with no disruption in service nor SLA/Service Level Agreement for our customers.</p>
